

## What's Next?

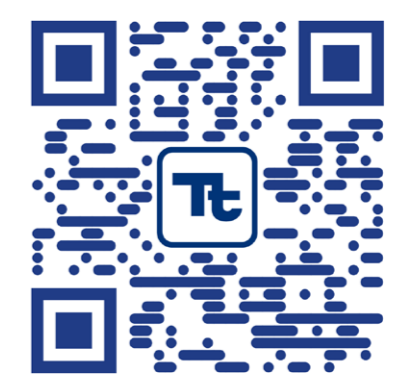

The proposals shown on the previous boards are still at very early stages and considers what is already established across the Estate on the sites; what is the current structural status of the buildings or structures; what needs to be done to bring them back into current use, or an alternative use and options for future maintenance.

Discussions are already happening with the New Forest District Council and their Conservation Officer and we are working closely with them to identify the sites at most risk and the opportunities available.

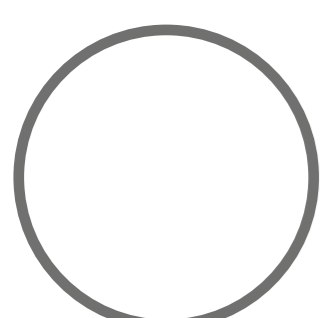

This event being held here today is to ask what you, the residents of Breamore Parish, think of the current proposals and what you would like us

to consider including going forwards. You can help us by providing feedback via the online feedback form which is now live (link & QR code below), or by completing a paper copy and handing to us here today. All comments and feedback will be considered and taken into account where possible.

**THANK YOU FOR JOINING US HERE TODAY AND FOR PROVIDING YOUR COMMENTS AND FEEDBACK.**
